II.E.15. Extension of Faculty Appointments When a School is Being Discontinued
(Source: *Standing Resolution of the Trustees, January 13, 1978*)

Notwithstanding other provisions of the University’s policies on faculty appointments and tenure, non-tenured faculty in schools which are to be discontinued may continue to serve beyond expiration of their normal tenure probationary periods without acquiring tenure, provided:

- The Trustees of the University have formally adopted a resolution to discontinue the school, and have set a date for the closing of the school.

- The faculty of the school has formally adopted a resolution to the effect that extensions of the appointments of non-tenured faculty are necessary in order to maintain appropriate academic standards in the programs to be discontinued.

- Each faculty member for whom such extension is proposed has formally requested the extension in writing to the dean, and has clearly indicated his or her understanding and acceptance of the fact that the extended appointment will not convey tenure.

- The extensions of appointments are not more than five years from the June 30 following the resolution of the Trustees authorizing the closing of the school.

If the appointment of a faculty member is extended under these provisions and the decision to close the school is rescinded after the expiration of the probationary period for that individual, the faculty member shall be deemed to have acquired tenure.

If during the term of an extended appointment, a faculty member from the school to be closed is appointed to a standing faculty position in another school in the University, the probationary period shall be measured without regard to these provisions, and if that period has expired, the new appointment must be with tenure.
