CLEAN VERSION OF PROPOSED SENATE RULES AS OF JULY 1, 2021

PREAMBLE
The University of Pennsylvania Faculty Senate was established by the Trustees of the University, at faculty request, in 1952. The Senate is recognized in the Statutes of the University as the body in which Standing Faculty members (see Section 1) may “discuss and express their views upon any matter they deem to be of general interest to the faculty.” The Senate is expressly empowered to “request reports from the University administration,” and to “make recommendations directly to the President, the Provost, and the Trustees.” Both of these powers are frequently exercised. The Senate is also authorized by the Statutes to adopt its own rules and procedures. These rules were comprehensively revised by the Senate in 1981. Subsequent revisions were undertaken in 1985, 1986, 1987, 1988, 2006, 2007, 2009, and 2021. The present document contains all changes in the Senate rules adopted before 2021.

The University of Pennsylvania Faculty Senate is a University-wide deliberative body; as such it normally considers issues which engage the attention of the faculty as a whole. The membership of the Senate expresses its views and exerts its influence on the life of the University in many ways, all of which are aimed at the goal of the faculty being the principal determinant of the intellectual direction of the University. Some of the specific modalities employed by the Senate in realizing its goals are discussed in the following paragraphs.

Note: The faculties of the individual schools may also have their own deliberative procedures for the consideration of matters of an intra-school nature. Other University-wide deliberative bodies are: the University Council, which in addition to members of the faculty contains representatives of students and staff members; the Undergraduate Assembly, the Graduate and Professional Student Assembly, the Penn Professional Staff Assembly and the Weekly Paid Professional Staff Assembly.

Section 1. MEMBERSHIP
The Faculty Senate shall consist of all members of the standing faculty and of the standing faculty-clinician educators holding the rank of professor, associate professor, or assistant professor. On issues directly related to tenure, or on issues involving the compensation of tenured faculty, voting shall be exclusive of standing faculty-clinician educators. The Senate Chair, with the advice of the Senate Executive Committee, shall identify issues subject to this rule. Retired members of the faculties shall be non-voting members of the Senate.
Section 2. FUNCTION
The function of the Senate shall be to provide opportunity for its members to discuss and express their view upon any matter which they deem of interest to the faculty and to make recommendations and pass resolutions with respect thereto. In addition, it shall have the power to request and obtain reports from the University administration and to make recommendations directly to the president, the provost, and the trustees.

Section 3. OFFICERS
The officers of the Senate shall consist of a Chair, a Past Chair, a Chair-elect, a Secretary, and a Secretary-elect. The Chair shall appoint members of committees, as provided herein. The Chair shall publish in Almanac by the third week in May a comprehensive report of the work of the Senate for the current academic year and probable significant issues for the succeeding academic year. The Chair, Chair-Elect, and Past Chair shall at their option, designate one of themselves ex officio a member of each Senate committee. The Chair shall be ex officio a voting member of the Executive Committee and the Senate Consultation Subcommittee. The Chair shall be a non-voting member ex officio of the Nominating Committee and the Senate Committee on Academic Freedom and Responsibility.

Section 5. DUTIES OF THE PAST CHAIR
The Past Chair shall serve on all Senate committees as described in Section 4 and shall be ex officio a member of the Executive Committee and the Senate Consultation Subcommittee. The Past Chair, in the absence of the Chair or at their request, shall substitute for the Chair.

Section 6. DUTIES OF THE CHAIR-ELECT
The Chair-elect shall serve on all Senate committees as described in Section 4 and shall be ex officio a member of the Executive Committee, the Senate Consultation Subcommittee, and the Senate Committee on Academic Freedom and Responsibility. (A) THE EXECUTIVE COMMITTEE

(i) There shall be an Executive Committee, consisting of the officers of the Senate for the current year, the Chair and Secretary of the preceding year, the Chair-elect and the Secretary-elect, fifty-one members of the Senate elected as hereafter prescribed and one non-voting representative from the Penn Association of Senior and Emeritus Faculty (PASEF). The Chair of the Senate shall preside over meetings of the Executive Committee.

(ii) The Executive Committee shall be broadly representative of the several schools and teaching areas of the University. In addition to the functions described elsewhere in these rules, in the Bylaws of the University Council and in other University policies, the Executive Committee shall be consulted by the officers of the Senate in matters on which Senate action is indicated, and on major issues on which consultation with the administrative officers of the University is contemplated.

(iii) The Executive Committee shall routinely act for the Senate on substantive policy issues, subject only to the limitation that it may not amend the rules of the Senate except as explicitly described in Section 9(F)(v), and subject to the conditions that:

- it must report all actions on substantive issues promptly to the members of the Senate through publication in Almanac or by other appropriate means and must announce them at the next Senate meeting;
- if twenty members of the Senate protest any such action of the Executive Committee by written petition within two weeks of its publication, the action will not take effect unless and until it is ratified either at a special meeting of the Senate, or, at the discretion of the Executive Committee, by referendum. The Executive Committee may at its discretion choose to discharge its responsibility on certain issues by a binding mail ballot of the Senate membership, accompanied by explanatory material adequate to permit an informed vote. (See Section 9(H): the use of the term “mail” in these Rules includes “email” and other forms of correspondence, both electronic and non-electronic.)

(iv) The Chair of the Senate, with the advice of the Executive Committee:

- shall publish as complete and as concisely descriptive as possible an agenda of Executive Committee meetings in advance in Almanac;
- shall publish all actions taken by the Executive Committee that are not subject to restrictions of confidentiality in Almanac; and
shall ensure that accurate attendance records of Executive Committee meetings are maintained and that summaries of such records by members are published in Almanac at the end of each academic year.

(v) The Executive Committee shall also nominate faculty members to serve on consultative committees. In addition, the Chair, the Chair-Elect, Past-Chair, Secretary, Secretary-Elect, the three Assistant Professor members, and the thirty-six Constituency Representative members shall serve as members of the University Council. It shall be the responsibility of members of the Executive Committee to report to their constituencies on the work of the University Council and the Executive Committee.

(vi) The Chair of the Senate may call meetings of the Executive Committee by email notification and make other distributions under these rules by email transmission. During the University's winter break and summer break the Chair may call a special meeting of the Executive Committee by notice published online in Almanac Between Issues together with email notification or by email notification alone if the Chair believes that online publication would cause an unreasonable delay. The Chair may call a special meeting during the winter or summer break only if the Chair, Chair-Elect, and Past-Chair believe that a delay would pose risks to the interests of the Faculty Senate or the Executive Committee. For the purposes of these Rules, winter break is defined as the period between the day after Fall Term officially ends and the day before the First Day of Classes of the Spring Term, and summer break is defined as the period between the day after Commencement and the First Day of Classes of the Fall Term, as indicated by the Penn Academic Calendar published by Almanac.

(vii) Motions for actions or resolutions by the Executive Committee may be made and seconded by members by email transmission in lieu of a formal motion made at a meeting. If the moving member proposes that the motion be subject to an email ballot, however, the motion must explain why consideration of the motion should occur before the next regularly scheduled meeting or a special meeting of the Executive Committee. Votes on actions or resolutions of the Executive Committee may be taken by email transmission, on at least 10 days email notice by the Chair and only if the notice states that the Chair, Chair-Elect, and Past-Chair believe that a delay would pose material risks to the interests of the Faculty Senate or the Executive Committee. An email ballot will not be conducted if, within five days after the Chair notifies Executive Committee members of a proposed email ballot, five or more members request that the subject of the proposed email ballot be voted on in a meeting. A motion will carry in an email ballot only if at least two-thirds of the members of the Executive Committee cast votes and the motion receives a simple majority of the votes cast.

(B) THE SENATE COMMITTEE ON ACADEMIC FREEDOM AND RESPONSIBILITY

(i) There shall be a Senate Committee on Academic Freedom and Responsibility consisting of ten members, including the Chair-elect, and nine members of the Senate, three to be elected each year. No one shall serve on the Senate Committee on Academic Freedom and Responsibility who is a member of any other faculty committee on academic freedom and responsibility, a member of the Grievance Commission or Hearings List, the chair of a department, or a member
of the administration of a school or of the University. In the event the Chair-elect is disqualified for any of these reasons, the Chair-elect shall remain a non-voting member.

(ii) The Chair, Past Chair, and Chair-Elect shall collectively appoint a chair of the Senate Committee on Academic Freedom and Responsibility from its membership.

(iii) The Senate Committee on Academic Freedom and Responsibility shall maintain a current list of the standing committees on academic freedom and responsibility of each of the faculties of the University and, where necessary, take appropriate steps to cause such committees to be appointed in each of the faculties of the University. The Senate Committee on Academic Freedom and Responsibility shall advise and consult with such committees and administrative officers on the establishment of appropriate procedures to be followed in the event of a claim of violation of academic freedom or responsibility. The Senate Committee on Academic Freedom and Responsibility shall have power to make investigations, reports, and recommendations on any matter relating to academic freedom and responsibility within the University.

(iv) The Senate Committee on Academic Freedom and Responsibility shall perform any duties falling to it under the regulations governing the faculty grievance procedure, as adopted by the Senate.

(v) The Senate Committee on Academic Freedom and Responsibility shall insure that each faculty has a mechanism for implementing the provision of Article 9 of the Statutes of the University that “Each Faculty shall...determine the qualifications for membership in the Faculty.”

(C) THE NOMINATING COMMITTEE

(i) There shall be a Nominating Committee of nine members whose function is to nominate candidates for appointments to all committees and positions for which the Faculty Senate has responsibility in appointing. These positions include without limit: elections to the offices of the Senate, at-large positions and Assistant Professor positions on the Senate Executive Committee, the members of all standing and select Senate committees, the faculty representatives to all University Council committees, and other non-Senate, University-level committees that those respective rules require.

(ii) The Nominating Committee shall consist of nine members: the Chair, Chair-Elect, and Past Chair, three incumbent members of the Senate Executive Committee, and three members of the Faculty Senate selected by the constituency representatives of the Senate Executive Committee.

(iii) The Committee shall be populated annually no later than the end of the fall semester.

(iv) With the exception of the Chair, Chair-Elect, and Past Chair, no person shall serve consecutive terms on the Nominating Committee. The Chair and Chair-Elect shall serve ex-officio without voting rights.
(v) Three incumbent Executive Committee members of the Nominating Committee shall be selected by a nomination and voting process set forth annually during the fall semester by the Senate Executive Committee.

(vii) Three additional members of the Faculty Senate shall be selected as follows: each constituency representative on the Executive Committee shall submit, early during the fall semester one name from his or her constituency as a nominee for the Nominating Committee. All Senate members of the faculty member's constituency are eligible except members of the Executive Committee. In addition, the other members of the Executive Committee shall each submit a nominee for the Nominating Committee. From the faculty members so nominated the Executive Committee shall select eight candidates for the Nominating Committee.

(viii) The slate of candidates shall be circulated promptly to the Senate membership. The notice advising the Senate membership of the selections of the Executive Committee shall also contain an invitation for additional nominations, to be accomplished via petitions signed by at least twenty-five Senate members and accompanied by the signed approval of the candidate. All such petitions must be received no later than fourteen days subsequent to the circulation of the nominees of the Executive Committee. Nominations will be automatically closed fourteen days after the circulation of the slate selected by the Executive Committee. If no additional nominations are received, the slate nominated by the Executive Committee shall be declared elected. Should additional nominations be received, those nominated have the right to learn the names of all other candidates and withdraw within five days after closing of nominations. A mail ballot shall then be distributed indicating which nominees were nominated by petition and which by the Executive Committee. The ballot shall be circulated no later than fourteen days after the close of nominations. Voting shall be noncumulative, each member being entitled to vote for up to nine candidates. The polls shall be closed fourteen days after circulation of the ballots. The tally of the vote shall be the responsibility of the Chair and the Secretary. The Nominating Committee shall be composed of the nine nominees receiving the highest number of votes. In the case of ties, decisions shall be by lot.

(ix) The term of each member of the Nominating Committee shall be twelve months beginning on January 1 of the year following election. The chair shall be designated by the Senate Executive Committee.

(x) The Nominating Committee will typically complete the bulk of its work late during the spring semester to fill vacancies for the subsequent academic year. It shall continue to be consulted prior to filling any additional vacancies that may occur off-cycle.
(D) THE SENATE COMMITTEE ON THE ECONOMIC STATUS OF THE FACULTY

(i) There shall be a Senate Committee on the Economic Status of the Faculty, consisting of between six and eight members, in addition to the Chair, the Chair-elect, and the Past Chair of the Senate who will collectively share one voting position ex officio. At least two members will be elected each year for terms of three years. If the Past Chair of the Senate is unable to serve, a replacement will be selected by the Executive Committee. The chair of the committee will be designated by the Senate Executive Committee.

(ii) The Committee on the Economic Status of the Faculty shall gather and organize data on salaries and benefits and shall represent the faculty in the determination of University policy on salary issues and on benefits issues that cannot otherwise be referred to the University Council Committee on Personnel Benefits. The committee shall issue an annual report on the economic status of the faculty. The Chair of the Senate, after consultation with the Senate Executive Committee, shall include each year as an item on the agenda of a Senate meeting any report that the committee may bring and any resolutions appropriate to it.

(E) THE SENATE CONSULTATION SUBCOMMITTEE

(i) There shall be a Senate Consultation Subcommittee consisting of the Chair, the Chair-elect, and the Past Chair of the Senate. In the event that the Past Chair is unable to discharge this responsibility a replacement will be selected by the Senate Executive Committee from among the Secretary, the Past Secretary, and the members at large of the Executive Committee who have served for at least one year.

(ii) The Senate Consultation Subcommittee will meet regularly with the president and provost to discuss matters that concern the faculty and shall also constitute the faculty component of the University Committee on Consultation.

(F) OTHER STANDING COMMITTEES APPOINTED BY THE EXECUTIVE COMMITTEE

(i) There shall be the following committees:

The Committee on Faculty and the Academic Mission: The Committee oversees and advises the Executive Committee on matters relating to the University's policies and procedures concerning the academic mission, including the structure of the academic staff, the tenure system, faculty appointments and promotions, faculty research, and faculty governance. In general, the Committee deals with the matters covered by the following sections of the University's Handbook for Faculty and Academic Administrators: I.E.-F., H.2., II.A.-D.;

The Committee on Students and Educational Policy: The Committee oversees and advises the Executive Committee on matters relating to the University's policies and procedures on the admission and instruction of students, including academic integrity, admissions policies and administration, evaluation of teaching, examinations and grading, academic experiences, educational opportunities (such as study abroad), student records, disciplinary systems, and the
campus environment. In general the Committee deals with the matters covered by the following section of the University's Handbook for Faculty and Academic Administrators: IV.;

The Committee on Faculty and the Administration: The Committee oversees and advises the Executive Committee on matters relating to the faculty's interface with the University's administration, including policies and procedures relating to the University's structure, the conditions of faculty employment (such as personnel benefits), and information. In general the Committee deals with the matters covered by the following sections of the University's Handbook for Faculty and Academic Administrators: I.A.-D., G.-H.1., I.-K., II.E., III., V., VI.;

The Committee on Publication Policy for Almanac: The Committee maintains oversight over Almanac's guidelines and publication policies and the relationships between Almanac and other University news and information sources. It advises the Editor of Almanac on publication issues when necessary or requested. In particular the Editor will consult it, or, when appropriate, the Almanac Advisory Board, of which it forms the faculty representation, when considering refusal of a contribution on any grounds other than legal liability.

The Committee on Faculty Development, Diversity, and Equity: The Committee (i) identifies and promotes best practices for faculty developments, mentoring, and work environment to facilitate faculty success at all career levels; (ii) evaluates and advocates processes for faculty recruitment, promotion, and retention that promote diversity, equity, and work/life balance for the faculty; (iii) monitors the status of faculty development, mentoring, diversity, and equity; and (iv) issues periodic reports on the activities and findings of the committee and make recommendations for implementation.

The committees shall each consist of between six and eight members, not including members ex-officio. The Chair, Chair-Elect, and Past Chair shall at their option, designate one of themselves ex officio a member of each committee. A non-voting representative of PASEF will be appointed to each committee listed in Section 9(F)(i) at the discretion of the Executive Committee following referral from PASEF. The members and chair of each committee shall be appointed by the Executive Committee following the procedure outlined in Section 9 (C). The terms of office of the members and chair of each committee shall be one year, commencing at the inception of the academic year, with a limit of two consecutive reappointments and no limit on the number of non-consecutive reappointments.

(ii) The committees shall deal with their respective general charges such other matters as may be referred to them from time to time by the Senate, the Executive Committee, or the Chair of the Senate. The titles and general charges of the committees shall be indicative, but not restrictive, of the matters that may be referred to the committees.

(iii) In addition, the Senate Committee on Publication Policy for Almanac shall perform the functions assigned to it in the “Guide for Readers and Contributors” of Almanac.

(iv) The Senate Executive Committee has exclusive purview on the Senate’s committees and their charges. The Standing committees described in Section 9(F)(i) were designed to address the enduring concerns of the faculty. However, changing circumstances require the Senate to
address other concerns from time to time. Although the concerns expressed in the general charges set forth to each Standing Committee are durable, they are less central to the Faculty Senate needs in some years over others. The Chair, Past Chair, and Chair-Elect, in consultation with the Executive Committee shall indicate at the start of each academic year the status of each Standing Committee: active or reserve. All reserve committees may be activated at any time at the request of the Chair, Past Chair, and Chair-Elect or by a simple majority of the Executive Committee. All reserve Standing Committees will maintain their respective membership rosters in accordance with these Rules. All committees, including those in reserve status, shall hold an orientation meeting annually.

(v) Section 9(F) of these Rules will be reviewed by the Senate Executive Committee in academic years ending in 0 and 5. Following that review, any amendments to Section 9(F) may be made by majority vote of Senate Executive Committee members during a regularly scheduled meeting or as otherwise described in Section 9(A).

(G) ELECTRONIC COMMUNICATION
The Chair of a standing committee or select committee (Section 10) of the Senate may call a meeting of the committee by email notification and make other distributions by email transmission. Motions for actions or resolutions by a Senate committee may be made and seconded by members by email transmission in lieu of a formal motion made at a meeting. If the moving member proposes that the motion be subject to an email ballot, however, the motion must explain why consideration of the motion should occur before the next regularly scheduled meeting or a special meeting of the committee. Votes by a Senate committee may be taken by email transmission unless 3 members of the committee request a meeting. A motion will carry only if at least two-thirds of the members of the committee cast votes and the motion receives a simple majority of the votes cast. For the purposes of these Rules, any matters that require a mail ballot or transmission by mail or in writing may be similarly satisfied through electronic communication (e.g., by email).

Section 10. OTHER COMMITTEES
There shall be such select committees as the Senate may direct, or as may be determined by the Chair after consultation with the Executive Committee. Select committees shall be appointed by the Chair after consultation with the Executive Committee. Select committees will be automatically retired after twenty-four months unless they are explicitly extended by the process described above or unless they are retired sooner at the discretion of the Chair after consultation with the Executive Committee.

Section 11. MEETINGS
Section 11 Contents:
(A) Special Meetings
(B) Quorum
(C) Agenda
(D) Resolutions
(E) Reconsideration by Mail Ballot
(A) SPECIAL MEETINGS

Special meetings may be called by the Chair, and whenever requested in writing by twenty
members of the Senate the Chair shall call a special meeting. The Chair shall cause notice of the
time and place of each special meeting to be given at least seven days prior to the meeting.
Unless the Senate directs otherwise, the time and place of each meeting shall be determined by
the Chair.

During the University's winter break and summer break the Chair may call a special meeting of
the Senate by notice published online in Almanac Between Issues together with email
notification or by email notification alone if the Chair believes the online publication would
cause an unreasonable delay. The Chair may call a special meeting during the winter or summer
break only if the Chair, Chair-Elect, and Past Chair believe that a delay would pose risks to the
interests of the Senate.

The foregoing notwithstanding, the Chair may call a meeting of the Senate on such notice as he
or she deems appropriate solely for the purposes of information exchange and discussion; no
resolution may be adopted, however, if the notice does not conform to the time requirements
stated above.

(B) QUORUM

A quorum for the Senate meeting shall be 100 voting members. However, if an agenda duly
distributed prior to the meeting specifies a definite time of adjournment, and if a quorum is
present to start the meeting, the loss of a quorum shall not prevent action, prior to the set
adjournment time, on resolutions distributed in advance of the meeting. In the absence of a
quorum an item on the agenda shall be referred to a mail ballot of the Senate membership
provided that at least 50 members vote and a majority of them support a resolution referring the
issue to a mail ballot. The minutes of each meeting shall contain a record of the number in
attendance from each faculty.

(C) AGENDA

The Chair, in consultation with the Executive Committee, shall prepare the agenda for special
Senate meetings. The agenda shall describe the subjects to be debated at the meeting. The agenda
shall include any subject requested in writing by five or more members of the Senate prior to
circulation of the agenda, or at least seven days prior to the meeting, whichever shall occur later,
unless the Chair, after consultation with the Executive Committee shall deem it advisable to limit
the agenda to the item or items giving rise to the special meeting. The agenda shall be distributed
at least seven days prior to any regular or special meeting. Committee reports and texts of
available proposed resolutions relevant to the subjects to be considered by the Senate not
previously distributed shall be distributed with the agenda.

(D) RESOLUTIONS

Resolutions germane to any subject set forth in the agenda may be passed by a majority vote of
members present and voting if the conditions of 11(b) are met. Other matters may be brought up
for discussion by any member at any meeting if the conditions of 11(b) are met, provided also
that Senate action upon such matters shall require a two-thirds majority of those present and
voting, and provided, further, that proposed amendments to these rules may be offered only in accordance with the provisions of Section 17. A resolution may refer an issue to a binding mail ballot of the Senate membership, accompanied by explanatory material adequate to permit an informed vote.

(E) RECONSIDERATION BY MAIL BALLOT
Votes on an issue at a Senate meeting may be reconsidered by mail ballot when the total of the votes for and against the resolution in question at the meeting is less than 100 and when the prevailing vote at the meeting lacks a three-fourths majority of those present and voting at the meeting. When these conditions are met, reconsideration through a mail ballot shall take place if a petition requesting such reconsideration, signed by at least 100 members of the Faculty Senate, is presented to the Chair of the Senate within two weeks of the meeting at which the original vote occurred. Insofar as possible, the propositions to be included in the mail ballot should be identical to those originally considered at the Senate meeting. The Chair of the Senate shall be responsible for the formulation of the proposition or propositions to be voted on through mail ballot. When mail ballots are used to reconsider a vote at a Senate meeting, those ballots shall be distributed within three weeks of the meeting at which the original vote occurred, and, to be valid, must be received by the Faculty Senate Office within three weeks of their date of distribution. The Chair of the Senate shall endeavor to see that position papers on the issue in question are published in Almanac at the time the mail ballots are distributed. The result of a mail ballot will dominate an earlier vote on the floor of the Senate only if the sum of the prevailing count by mail exceeds that count on the floor.

Section 12. ELECTIONS
Section 12 Contents:
(A) Succession of Officers
(B) Nominations and Voting
   (i) Election by the Faculty At Large
   (ii) Election of Other Members of the Executive Committee

(A) SUCCESSION OF OFFICERS

(B) NOMINATIONS AND VOTING

(i) Election by the Faculty At Large
   (a) Each spring semester, the Chair shall distribute to the members of the Senate a notice of the positions to be filled by election and an invitation to suggest candidates for those positions with supporting letters if desired.

   (b) The Chair shall transmit all replies to the Nominating Committee. The Nominating Committee shall select and secure acceptance of nomination from one candidate for each position to be filled by election.
(c) The list of candidates compiled by the Nominating Committee shall be distributed to the members of the Senate by the end of the spring semester.

(d) The notice advising the Senate membership of the selections made by the Nominating Committee shall also contain an invitation for additional nominations which shall be accomplished via petitions signed by at least twenty-five Senate members and accompanied by the signed approval of the candidate. All such petitions must be received no later than fourteen days subsequent to the circulation of the nominees of the Nominating Committee. Nominations will automatically be closed fourteen days after the circulation of the slate of the Nominating Committee. If no additional nominations are received, the slate nominated by the Nominating Committee shall be declared elected. Should additional nominations be received, those nominated have the right to learn the names of all other candidates and withdraw within five days after closing of nominations by petition. A mail ballot shall then be distributed indicating which nominees were nominated by petition and which by the Nominating Committee. All candidates have the right to prepare a one-page statement within seven days after the closing of nominations by petition and have it distributed with the ballot. The ballot shall be distributed no later than fourteen days after the close of nominations. Voting shall be non-cumulative. The polls shall be closed fourteen days after distribution of the ballots.

(e) In the case of both Chair-elect and Secretary-elect, each member shall have one vote. The persons receiving the greatest number of votes shall be declared elected. Tie votes shall be resolved by lot.

Two shall be elected one year and one shall be elected the following year. The person(s) receiving the greatest number of votes shall be declared elected. Tie votes shall be resolved by lot.

(h) In the case of the Senate Committee on Academic Freedom and Responsibility each member may vote for up to three candidates. The three persons receiving the greatest number of votes shall be declared elected. Tie votes shall be resolved by lot.

(i) In the case of the Committee on the Economic Status of the Faculty each member may vote for up to two candidates. The two persons receiving the greatest number of votes shall be declared elected. Tie votes shall be resolved by lot.

(ii) Election of Other Members of the Executive Committee

(a) Thirty-six members of the Executive Committee shall be elected by members of non-overlapping constituencies. The various constituencies are specified in an appendix to these rules. Approximately one-half of the representatives of the constituencies shall be elected each
year not later than the first Executive Committee meeting of the academic year, according to the following procedures: The Executive Committee shall request the Office of the Faculty Senate to maintain and keep current an official list of the members of each constituency. The Executive Committee, or a subcommittee thereof, shall determine, in case of question, to which constituency the faculty member belongs. During the first week of February, the Office of the Faculty Senate shall send to each constituency which is to elect a representative:

a statement of the duties and responsibilities of Executive Committee members,
a list of the members of the constituency, indicating the current representative and those individuals who will be continuing members of the Executive Committee,
a request for the nomination of a member of the constituency for election and an explanation of the election process and schedule,
a form on which the nomination is to be made with instructions to nominate one candidate. To be eligible to be placed on the ballot for election a nominee must sign at least one of the forms nominating them indicating willingness to serve if elected.

The Office of the Faculty Senate shall record the nominations and send to each member of a voting constituency the names of two, or in the case of ties, the three or four individuals who receive the largest number of votes for nomination. Members shall be asked to vote for one individual.

When only one nominee agrees to stand for election, a ballot shall be submitted to the constituency with the name of the nominee. The ballot shall include instructions noting that votes for additional write-in candidates will be valid providing at least one of the returned ballots contains a signed statement from the write-in nominee indicating willingness to serve if elected.

When two or more candidates are nominated and a slate submitted to the constituency, a plurality of the ballots cast within the stated period of election shall constitute election of a candidate.

An alternate for each constituency member shall also be identified through the process described above. At times when the primary representative is unable to attend, the named alternate will participate in meetings of and engage in votes taken by the Executive Committee. Any constituency that has not been represented at three consecutive regular meetings of the Executive Committee will be notified by the Chair of the Faculty Senate and given the option to elect a replacement representative.

(b) Individuals holding administrative posts above the rank of department chair shall not be eligible for election to the Executive Committee. A member of the Executive Committee who assumes such rank shall be considered to have resigned and shall be replaced in accordance with the provisions of Section 14 of these rules.
